## EVENTS AT PEARL HIGH SCHOOL.

The patrons and friends of the Pearl High School have a rare treat in store for them at the High School Alumni concert which will be given Friday night, March 15th in the High School Auditorium. The graduates have organized an association and each member is working hard to draw out a full attendance. The best local musical talent in the city was at some time in the past a student of the Pearl High School. The concert is being directed by Mr. A. G. Price, a well known vocalist and a graduate of the school of the class of 1901. Mr. Price is very enthusiastic over the concert and hopes for a large attendance. The general rehearsals have been very satisfactory and when the night of the concert arrives, every member will be in perfect condition for presentation to the public. The object of the concert is to raise funds to purchase a stage curtain for the school. The contract for the curtain has already been let to Lebeck Bros., at a cost of \$160. The curtain is made of heavy green velvet with top valance. The Alumni Association and the Parent Teachers Association are working together to provide some needed furnishings for the school. The principal, teachers, and pupils are behind the movement and success seems assured. A Victrola, a stage curtain, a moving picture machine and furniture for teacher's rest room are some of the things needed. The public is urged to attend and thus assist in securing these things for their largest and most popular school. Next comes the debate. The purpose for which these events are given eliminates the "free list." Dr. F. G. Smith, the principal, is trying to make a complete list of all the graduates of the High school with their residential addresses. He requests each graduate, in the city out of the city to send him their local addresses at once. This information will be of mutual benefit to the graduate and to the school.

Prominent speakers of both races will address the children. The musical part of the program will be under the direction of Dr. F. G. Smith.

## JOINT MEETING OF THE Y. W. C.

Walden, Fisk, State Normal and Roger Williams came together in a joint meeting of the Y. W. C. A. Representatives from the young women's Christian Association in the above named institutions met at Walden last Saturday afternoon to discuss the subject, "Means for bringing a closer association between the colleges in the city."

The discussion was opened by Misses A. Roberts, J. Evans and J. McAdams, who are seniors in the Social Science Department at Fisk University. These young ladies showed clearly what is being done in the city by the colored people for social betterment. Each young woman gave plans by which the four colleges would be brought together either by work at the Bethlehem House, the Juvenile Court or by friendly visiting.

After a beautiful selection by the girls glee club of Walden, Miss Alice Stevens of State Normal opened the discussion of Athletics as a means to bring the colleges closer together. Miss Stevens suggested, among other things, intercollegiate games. She held at her school.

Next Miss White of the State Normal sang a solo in which she displayed unusual musical ability. The next discussion was social gatherings as a means to bring the colleges together. This discussion was opened by Miss Bactop of Roger Williams and after a very interesting discussion she invited those present to come to the beautiful campus of Roger Williams University.

Miss C. Diggs of Fisk, next sang, with a voice of charming sweetness and clearness, a solo. The rendition showed that care had been used in the training of her voice.

The last discussion was led by Miss M. Hall of Walden, on Religious meetings as a means to bring the schools closer together. This discussion was discussed at length by other students of Walden.

The meeting closed with a piano solo by Miss Mable Marable of Roger Williams University. All who were present were uplifted by the meeting and expressed the desire to have other meetings of the same nature.

Respectfully, A. M. WATKINS.
